INFORMATION GUIDE FOR MONEY NETWORK APPLICATION

What is the Money Network Services Debit Card?

The Money Network Services Debit Card is a new payment option offered by PPL and is a dependable, safe, and convenient way to receive and access your attendant care pay. With this option, you will receive a Money Network debit card, and PPL will deposit your funds directly to this debit card account each payday following the current payroll schedule.

What are the Benefits of the Money Network Services Debit Card?

- Eliminates the need to wait for your paycheck to arrive in the mail or to pay for your check to be cashed
- Avoids the chance that your paycheck is lost in the mail and has to be reissued
- Does not require that you have a checking or savings account for funds to be deposited to
- Provides immediate, worldwide access wherever the logos displayed on your card are accepted for ATM cash withdrawals, bank-branch withdrawals, and store purchases (including "cash back"). **There is no fee for withdrawals from in-network ATMs**.
- Allows for money transfers to a personal or joint checking account
- Allows for free balance inquiries by phone
- There is no monthly service charge for the card as long as you are employed in the Attendant Care Program
- Many card transactions are free, and Money Network Checks can be used to access funds free of charge too, but there are fees for some optional services if you choose to use them (all fees for optional services are listed in the Money Network Welcome Packet that you will receive with your card).
